

CryptoGenie

Real-time Ethereum price prediction.

By Paal, Marlon and Jack

Crypto Investment is **booming!**

**I don't know
what I'm doing.**

- Risky = lose money
- Time consuming
- Controlled by emotion

**I know how to
invest.**

- Safe = make money
- Automated
- No emotional decisions

Introducing CryptoGenie

An algorithmic trading platform that predicts future Ethereum prices.

01 Price prediction

Get tomorrow's price in advance!

02 Reuseable code

Code can be used to predict price of other cryptocurrencies

03 Provide backtesting

See how your strategy would have done in the past
